

SARIGA S P

PROFESSIONAL SUMMARY

- Passionate and self-motivated **Software Developer** with a strong foundation in **web development, object-oriented programming, and full-stack development**. Proficient in **HTML, CSS, JavaScript** and with a working knowledge of **Python, Java, and SQL**.
- Successfully completed hands-on **internship projects** and personal development tasks using **modern development tools**, version control systems like **Git**, and **UI/UX design principles**. Quick learner with good communication skills and a keen interest in **building scalable and user-friendly web applications**.

EXPERIENCE AND PROJECTS

Internship @ Smart-Cliff Learning Solutions LLP

July 2024 - Aug 2024

- During my one-month internship, I explored various front-end technologies, gaining hands-on experience with **HTML, CSS, and JavaScript**.
- Built responsive layouts with **Bootstrap** and **CSS**, ensuring compatibility across various devices and browsers.
- Participated in daily team meetings using **Agile methodology** and collaborated through **Git and GitHub**.

Online Movie Ticket Booking System

- Developed a responsive and user-friendly movie ticket booking interface using **HTML, CSS, Bootstrap and JavaScript**.
- Features include browsing movies, selecting show times, choosing seats, and viewing booking confirmation.

Attendance Tracking System Using KNN Algorithm

- Developed an attendance tracking system using **K-Nearest Neighbors (KNN)** algorithm for facial recognition.
- Captured real-time images and processed them using **Open-CV** for face detection.
- This system enhances accuracy and automates attendance marking efficiently.

Smart Shopping Cart

- Designed and developed a smart cart system with **automated billing, real-time inventory updates**, and a **visual dashboard** for shopkeepers.
- Implemented an **interactive LCD mall map** displaying offer and product paths.
